"I Can Write In Japanese" KS4 Revision Materials (downloadable from www.jpf.org.uk/language/teaching_resources.php#gcse)

I Can Write in Japanese has been developed by the UK team of the J-GAP project. Taking the theme of "expressing one's self," *I Can Write In Japanese* is a workbook that aims to enable students to use the grammar and sentence structures learned at KS4 correctly in the appropriate context. As tasks range progress from low to high level in stages, students of varying ability can use this resource in order to learn how to express themselves in Japanese. As it includes actual questions from the Japanese GCSE, it can also be used to help students prepare for the GCSE.

力 CHIKARA Japanese Teaching Resources for Secondary Schools http://www.jpf.org.uk/language/teaching_chikara.php

Rajakumar Sensei's Japanese Page <http://japanese4schools.co.uk/>

This website features the GCSE Japanese workbooks created by Anne Rajakumar, the Head of Japanese at Hockerill Anglo-European College. These workbooks cover the GCSE syllabus and form a beginner's course which takes between two and four years to teach. The workbooks come in a multimedia version which can be used by students to link to the accompanying video tutorials, and a pdf version, which can be downloaded, printed and used by students to write in.
